ABOUT US

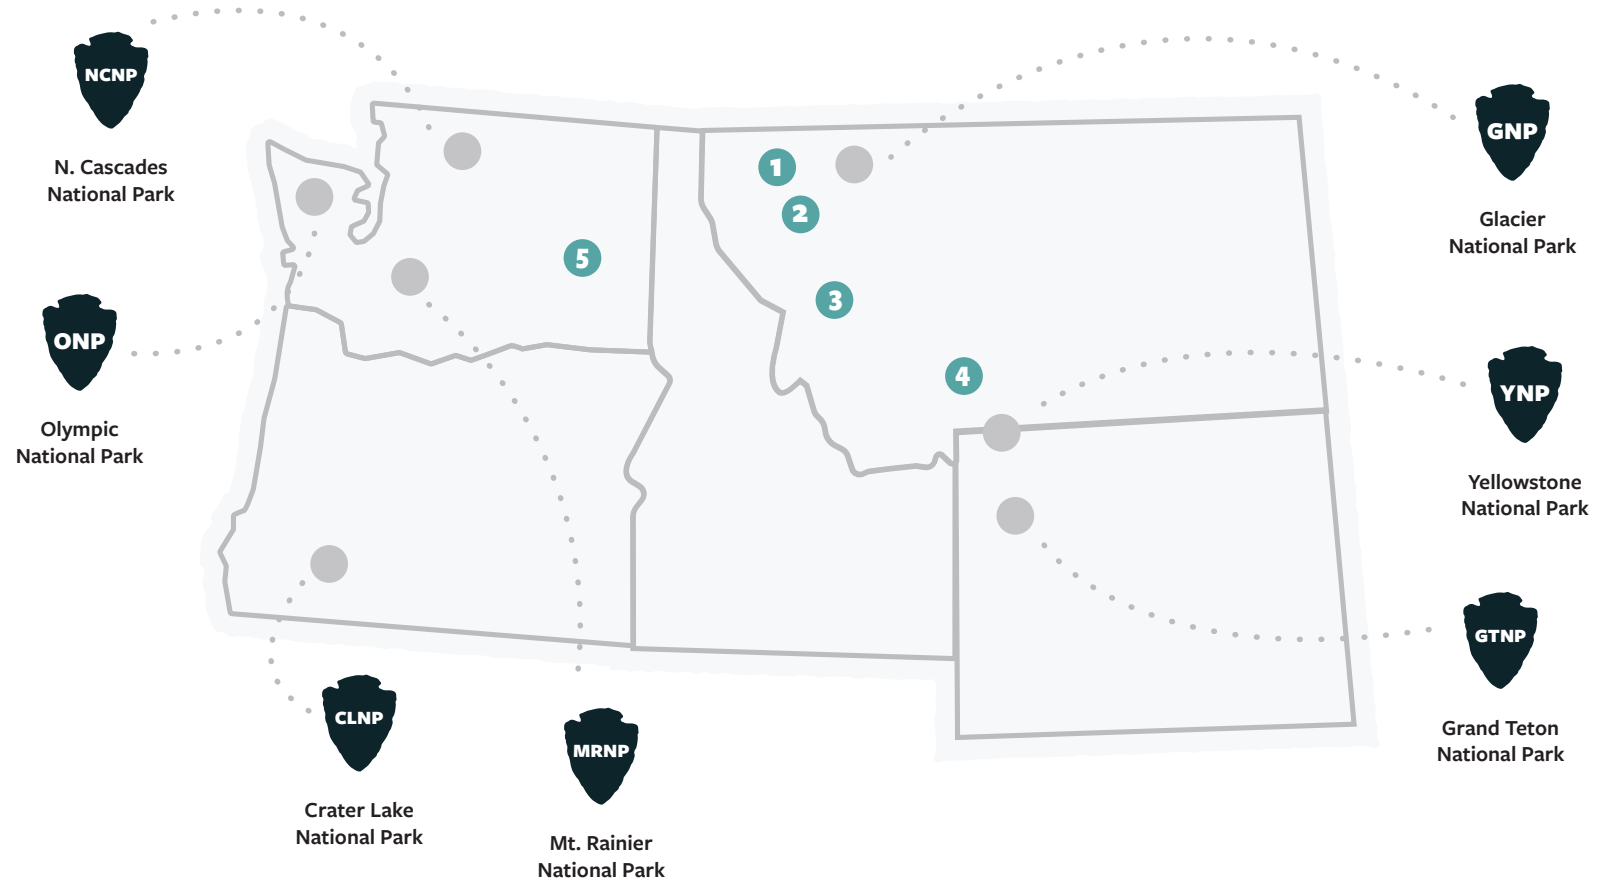

Sweet Peaks Ice Cream was founded in 2010 by two ice cream loving Montanans. We carefully craft our ice cream and sorbets in Whitefish, Montana using Montana dairy and a selection of quality ingredients from the mountains. In our ice cream you will experience some of what the farms and backyards of the Rocky Mountain West have to offer. Our flavors range from the classic (Lafaza Madagascar Vanilla) to the locally inspired (Montana Christmas: Pine soaked cream and huckleberry jam or Flathead Cherry Chocolate) and rotate often. Sweet Peaks Ice Cream is committed to quality ingredients and creative flavors. Our shops

are designed to be welcoming places to gather and celebrate. We are inspired by our community and look to give back and be a part of our shop neighborhoods every chance we get. Through local collaboration with other businesses, we seek to improve and protect the places that we call home. Sweet Peaks Ice Cream strives to make our part of the world just a little happier and a little sweeter with every scoop. We look forward to seeing you in one of our shops.

-Sam, Marissa, and the Sweet Peaks Staff

Bozeman MT 59715

ELEVATION 4,820'

N 45° 40' 44.43" W 111° 2' 46.97"

Home to Montana State University, the much loved Museum of the Rockies and the gateway to fishing, exploring and skiing: Bozeman is both an academic and adventure town. The shop on 7th and Main is close to the downtown core as well as the neighborhoods surrounding the university. This shop is situated less than 90 miles from the entrance to Yellowstone Park at West Yellowstone, 45 miles from Big Sky Ski Resort and less than 20

miles to Bridger Bowl Ski Area. Adventures are found at every turn and the store reflects this culture. The store opened in 2017 on April 21st and welcomed a long line of Earth Day parade participants through its doors. Since that original sunny spring day, the store has dug into the community and established itself as a welcoming environment for locals, tourists and students no matter the season.
